500 NEW WAYS TO SEE THE WORLD

## 463 Explore the hidden backwaters at Emerald Isle

One quick glance at your surroundings will confirm that Emerald Isle is a very aptly named place. Hidden among swaying coconut palms and ringed by a complex web of water canals is the beautiful 150-year-old Heritage Villa, the family home of your hosts for generations. Sunbathe, swim and swing in your hammock – or, if you're tempted to join the river traffic drifting by, jump in a small wooden canoe with a guide and glide round some of the waterways. This way you'll meet the local people up close, see workers tending the paddy fields, and visit nearby temples and churches; a rewarding and exhilarating insight into the secret backwaters of Kerala.
